Zum 1.7.2022 gibt es kleinere Änderungen bei den SOTA-DL summits:

We have some small updates to DL.
Firstly there are some minor tweaks:

- [DL/BE-039](#) – small position adjustment
- [DL/MF-033](#) – name corrected
- [DL/WS-026](#) – elevation corrected

Then we have a few validity updates

- [DL/BG-054](#) – retired as P
- [DL/WS-021](#) – retired as P
- [DL/MF-073](#) retired and replaced with reactivated higher neighbour, [DL/MF-072](#)
